Stephen Davies
Computer Science Department
via email

Dear Stephen:

Thank you for presenting your proposal, "Project Frozone: Addressing Online Political Polarization through AI Technology," to the Alumni Association Board of Directors and Young Alumni Council on Saturday. We are pleased to inform you that the Board and Council voted to award \$1,515 for this initiative. This funding is intended to be used to support the activities outlined in the budget that accompanied your proposal. Should you need to adjust your plans, please provide that information as soon as possible.

These funds will be placed in a special account with the UMW Foundation and must be spent by May 2027. Any funds remaining unspent as of May 31, 2027, will be pooled and allocated for next year's Impact Grants. You will receive an email from Beth Hunsinger, Assistant Vice President for Advancement and Campaign Operations, next week with instructions for accessing the funds in the Foundation account.

In May 2027, you will be required to provide a financial report and short narrative report on the impact of this grant. You will be provided with templates and training on these reporting requirements.

Beth Hunsinger will be your main point of contact in our office. Please email her at ehunsing@umw.edu to accept this grant.

Congratulations, and thank you for your great work!

Sincerely,

Katie Turcotte
Vice President,
Advancement and Alumni Engagement
Executive Director, UMW Foundation

Vicki Ravenel '77
Immediate Past President &
Vice President for Finance & Alumni Giving,
Alumni Association Board of Directors
